Dirección de Relaciones Internacionales

Where can I live during my stay in Chile?

The International Relations Office will guide you and provide information about housing options so you can find the best place to live during your exchange period. It is very important for us that you live in a comfortable and safe place that also adjusts to your expectations and resources. The neighborhoods where we recommend living that are safest and closest to UDD are Las Condes, Vitacura and Providencia. Santiago Centro is further away but it is also recommended, preferably near a Metro station.

Below you can find different alternatives of housing that are between \$150.000 y \$400.000 CLP (Chilean Pesos).
