

**Academic Offer for UDD Teachers  
COIL Program (Collaborative Online International Learning)**

**English COILs – Spring Semester (March - July)**

Faculty of Humanities and Communication

Name	Name of course	Study Area	Is your COIL related to the UN Millenium Goals (sustainable Development Goals)? Which one?		COIL exercise topic	No. of students participating in the COIL
Roberto Gelado Marcos	Historia del Periodismo	Journalism	No		A tour around the History of Journalism in Madrid & (city of partner).	/
Roberto Gelado Marcos	Information and Communication Theory	Journalism	No		Media Ethics (Stereotypes in Advertising o Fake News "Media Effects")	60
Sara Ruiz Gómez	Radio and Podcast	Audiovisual Communication	Yes	Climate action	Podcast production. This activity is a great chance for students of different fields of study to develop communicative skills and learn how to inform about their specific areas. In this sense, the activity will help both science and technicall students, but also for those studing humanities to develop a research about enviromental issues and develop communicative and media knowledge in an international space with an outcome finally available in any sound library/podcasting site (Spotify, Soundcloud, etc).	24
