## TESTIMONY OF INTERNATIONAL STUDENT

### HAN LAI

**Journalism and Spanish student at Southwest University of Science and Technology, China.**

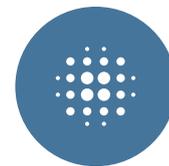

"It's been a wonderful journey with UDD. I stayed in Chile during the most difficult time, but all the professors were really helpful and positive in all kinds of situations, especially during the pandemic, we conducted all the academic activities online. Surprisingly, with the efforts of each UDD member, not only did they maintain the high quality of the courses, but there was also a commitment to new innovative methods of teaching and communicating. Even at the other side of the Earth, 20 thousand miles away from Chile, I still felt like I participated in all the courses in person, which is absolutely amazing."
